PROFILE

Junior Penetration Tester with hands-on experience in ethical hacking labs, CTFs, and real-world security testing. Strong foundation in web application security and vulnerability assessment. Skilled in tools like Burp Suite, FFUF, and Metasploit. Committed to continuous learning and offensive security best practices. Ready to contribute to a professional InfoSec team, with the objective of applying my skills in real-world environments, strengthening organizational security, and growing into a specialized offensive security role.

EDUCATION

Technical Diploma of Information Technology   09/2021 – Present
I-TECH School for Applied Technology (IBM P-TECH Model)   Cairo, Egypt
- Practice-based curriculum with 75% hands-on labs and technical training
- Gained skills in programming (Python, Java, Dart), Linux, networking, databases, web/mobile development, and AI

Penetration Testing and Vulnerability Analysis   06/2025 – Present
Digital Egyptian Pioneer Initiative   Online
- Focused on real-world exploitation through lab-based vulnerability analysis

PROFESSIONAL EXPERIENCE

Penetration Testing and Vulnerability Analysis   06/2025 – Present
DEPI   Online
- Performed hands-on penetration testing through labs simulating real-world vulnerabilities
- Focused on SQLi, XSS, CSRF, command injection, and authentication bypass
- Used Burp Suite, FFUF, Nmap, Metasploit, sqlmap, BeEF, Gobuster, and cURL
- Practiced full testing lifecycle: reconnaissance, exploitation, and reporting

Technical Trainee – Applied Technology Program (IBM P-TECH Model)   09/2021 – Present
I-TECH School   Cairo, Egypt
- Completed 75%+ of training through practical labs and real-world IT projects
- Developed apps and tools using Python, Java, Dart, MySQL, and Linux
- Gained exposure to AI, ML, data analysis, networking, and operating systems
- Trained in communication, collaboration, and career readiness via IBM partnership

Flutter Developer Intern   08/2024 – 09/2024
IBM   Cairo, Egypt
- Built a mobile banking app using Flutter and integrated APIs
- Designed and implemented UI components and back-end communication
- Took this role to deepen understanding of mobile app security and development

COURSES

Web Application Penetration Testing   08/2025
Mahara Tech (ITI & MCIT)

Ethical Hacking using Social Engineering   08/2024
Udemy

Introduction to Web Development   11/2022
Coursera (IBM)

The Web Development Challenge Track   11/2022
egFWD & MCIT

TECHNICAL SKILLS

Programming
Python, JavaScript, Java, Dart, PHP, C++, Bash

Web Development
HTML, CSS, JavaScript, MySQL, OOP

Security Tools
Burp Suite, FFUF, Nmap, Metasploit, sqlmap, BeEF, Gobuster, Wireshark, and cURL

Other
Linux, Data Structures, Algorithms, Networking

SOFT SKILLS

- Curiosity & Willingness to Learn
- Attention to Detail
- Problem Solving
- Research Skills
- Self-Motivation
- Communication & Presentation Skills
- Adaptability & Persistence
- Leadership

LANGUAGES

Arabic: Native

English: Intermediate Proficiency

PROJECTS

Banking Flutter App
- Internship project at IBM during 2024. Built a mobile banking app using Flutter.
- Designed and implemented UI screens and integrated API functionality.
- GitHub: Banking App
